Press Release

15th December, 2017, Aurangabad, India

Endurance Technologies Ltd. receives 'First Prize' for its energy conservation initiatives by the Bureau of Energy Efficiency

Endurance Technologies Limited ("ETL") has received 'First Prize in the National Energy Conservation Award, 2017' from the Bureau of Energy Efficiency ("BEE"), Ministry of Power, Government of India, in the Automobile (Ancillary) sector. The prize was awarded at a ceremony organised by BEE on 14th December, 2017 - the National Energy Conservation Day, at Vigyan Bhavan, New Delhi. The award recognises ETL's achievements in energy conservation.

The Hon'ble President of India, Mr. Ramnath Kovind was the Chief Guest at the ceremony and presented the award to Mr. K. Srinivasan, Cluster Business Head of ETL.

ETL has undertaken energy conservation measures at all its plants in India, under a project titled as "ENERCON". Implementation of these measures have resulted into savings in energy cost for ETL.

About Endurance Technologies Limited:

Endurance is one of the leading automotive component manufacturers, having a diverse range of technology intensified products with operations both in India and Europe (Italy and Germany). In India, we, predominantly, cater to two and three wheeler OEMs and our products include aluminium castings, suspensions, transmission and braking systems. In Europe, we predominantly cater to four wheeler OEMs and mainly supply aluminium casting products.

Endurance is a complete solutions provider, providing end to end services by engaging its customers from conception to end user delivery and also catering to replacement market. We have 26 plants across India, Italy and Germany. Out of 26 plants, 18 plants are in India, 3 plants are in Germany and 5 plants are in Italy. In addition to plants, we have 2 in-house tool rooms in India.
