Corporate Social Responsibility Policy

Background

Corporate Social Responsibility (“CSR”) is an engagement of business entities to bring about an overall positive impact on the community, environment, people and their health and the society at large where it conducts business.

Endurance Technologies Limited (“Endurance”/ “the Company”) is one of the leading auto component manufacturers. It provides solutions across aluminium die-casting, suspension, braking systems and transmissions product categories. Endurance believes that the true measure of success lies beyond our financial performance and growth. The sustainable change we create in communities for future generations directly reflects on our success. At Endurance we believe and strive towards integrating our business values with economic progress, social responsibility and addressing environment issues with a purpose to enhance quality of life.

This Policy is framed pursuant to the provisions of Section 135 of the Companies Act, 2013 (“Act”) and applicable Rules thereunder.

Philosophy

Our holistic approach of working with communities to address complex issues by driving initiatives across education, health & sanitation, livelihood generation, and environment focus areas enables us to deliver a lasting impact. We are determined to act as catalysts to equip individuals with the right skills, tools, and resources to maximize the overall impact on livelihood and to thrive & create a sustainable change in their communities for future generations.

CSR Vision

Endurance believes in delivering a lasting impact. Our vision is to reduce inequity with every community we transform, every child we inspire, and every individual we empower.
