**Sub: Capacity addition for anti-lock braking system ("ABS"), disc brake systems and brake discs**

**Ref.: Intimation under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015**

Dear Sir / Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") read with the SEBI Circular no. SEBI/HO/CFD/CFD-PoD-1/P/CIR/2023/123 dated 13<sup>th</sup> July, 2023 ("SEBI Circular"), we wish to inform you that the Company has evaluated and approved capacity addition for ABS, disc brake systems and brake discs.

This strategic capacity enhancement is being undertaken in view of the higher demand expected for advanced safety products of this nature.

New machinery shall be installed primarily for manufacturing aforementioned products at the Company's existing plant situated at E-71, MIDC Industrial area, Waluj, Chh. Sambhajinagar.

Details required in terms of the Listing Regulations and the SEBI Circular are enclosed as **Annexure – I**.

We request you to take the above information on record.

Thanking you,

Yours faithfully,

For **Endurance Technologies Limited**

## Annexure - I

### Disclosure under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

Sr. No.	Particulars	ABS	Disc Brake Systems	Brake Discs
1.	Existing capacity of the Company (per month)	53,000 units	532,260 units	619,500 units
2.	Existing capacity utilization	~31%	~84%	~98%
3.	Proposed capacity addition (per month)	200,000 units (single channel)	100,000 units	100,000 units
4.	Period within which the proposed capacity is to be added	Capacity addition is expected to be completed in the fourth quarter of the financial year 2025-26.		
5.	Investment required	~Rs. 103.1 Crore	~Rs. 19.6 Crore	~Rs. 12.9 Crore
6.	Mode of financing	Internal accruals		
7.	Rationale	<p>ABS is a highly technology intensive embedded electronic product which is critical for enhanced road safety. With road safety being a priority for the government, OEMs and end-users in India, higher demand for ABS is anticipated.</p> <p>As per draft regulatory norms issued by the Government of India, installation of ABS would be mandatory for all two wheelers above 50cc/0.5 KW, manufactured on or after 1<sup>st</sup> January, 2026.</p> <p>This development is expected to significantly expand the market size for vehicles with ABS. The Company is among the few manufactures of ABS in India, and with anticipated increase in demand it aims not only to cater to the expanding market but also to enhance its market share in this segment.</p> <p>With anticipated rise in ABS adoption, the Company also expects corresponding increase in usage of disc brake systems due to better compatibility. Accordingly, addition of capacities for disc brake systems and brake discs is being planned to support this demand.</p>
