Dear Sir / Madam,

This is with reference to the article published in the Times of India (online edition) on 10th September, 2025, titled "[Auto, EV component makers to invest Rs 4,000 cr more in TN: Nandini Sen Gupta – Times of India](#)" and the subsequent movement in the share price of the Company.

We wish to clarify that the Company has acquired a leasehold plot admeasuring ~8.9 acre in Kancheepuram District from the State Industrial Promotion Corporation of Tamil Nadu Limited (SIPCOT). This land acquisition has been with an intent to expand its manufacturing operations in the southern region of India, with a focus on offering its products to the two and four-wheeler OEM customers operating in that area.

Subsequently, the Company has signed a Memorandum of Understanding with the State Government under which the latter will facilitate the Company's investment by way of necessary infrastructural and regulatory support. The Company is currently evaluating to set-up a manufacturing facility on the acquired land parcel, for production of two-wheeler disc brake components and assemblies, to meet the growing demand from OEMs in that region.

We further state that, at present, there is no requirement under the Listing Regulations to make any disclosure to the Stock Exchanges in this regard. The Company remains committed to complying with all applicable regulatory requirements and will promptly disclose / disseminate any material information as and when required under the Listing Regulations.

We request you to kindly take the above on record.

Thanking You.

Yours faithfully,

For **Endurance Technologies Limited**
